

Onboard kitchens and accessories

TM Company – New marketing concept

TM – Company

The owner-run family business **TM Technischer Gerätebau GmbH** was originally developed from an electrical wholesalers which still exists to this day. The company, which was officially launched by Hermann Fixl in 1991, started off by constructing cool boxes for the automotive industry and developed into what it is today. **TM** has its headquarters in Neu-Ulm and is now run by the fourth generation of the founding family.

TM – Specialist

Known as a refrigeration and small-scale assembly specialist, **TM** perfectly serves its niche markets in particular. Product solutions are designed and implemented in-house and independently or manufactured according to the customer's detailed specifications.

Our products are used in mobile as well as static installations. Speed, flexibility and many years of experience in manufacturing and development make the company a strong and reliable partner in the industry.

TM – Products

Since its founding, **TM** has been producing components for mobile passenger services, mainly used in buses as well as in trucks and rail vehicles. **TM** has developed product solutions for a wide range of applications over the years and has firmly established itself in a wide range of industries such as, for example, in the field of fully automatic coffee machines.

The wide-ranging product portfolio includes the classic dashboard cool box, board kitchens and toilets for the bus industry as well as milk coolers for coffee machines, and many more.

TM – International

In 2007, **TM** established a subsidiary company near Istanbul to respond to increasing globalisation and the integration of markets. **TM-Turkey** mainly operates in the expanding bus and truck sector in its home market, as well as in neighbouring Arab countries.

In the same year, Jincen-**TM** was established as a joint venture company in China's Anhui Province to serve the Chinese market and to create more synergies. The Chinese company is mainly focused on producing injection moulded parts for the automotive, electrical and household industries as well as assembling on-board kitchens and cool boxes.

Being close to our customers and quick response times are of paramount importance for **TM** so our customers can rely on a Europe-wide network of service partners. **TM** can guarantee a seamless and fast on-site service through the continuous expansion of our partners.

TM – Philosophy

TM Technischer Gerätebau GmbH is a family-run business, distinguished by our short and direct lines of communication, as well as continuity.

From product design, through quality assurance of the materials used, right up to the final product test, we place the highest value on the perfect processing and precision of our products. Naturally, our products are certified according to relevant EU directives as well as our quality management system being certified according to ISO guidelines.

TM – Customer satisfaction

Innovative concepts to a high technical standard, together with excellent materials and processing quality, create outstanding products. Our product solutions are constantly setting new standards due to their functionality, compact dimensions and attractive design.

Experience, reliability, quality and long-term success are the building blocks of the current product range and the foundation for satisfied customers throughout the world.

On the way home

TM onboard kitchens

We have a wide variety of onboard kitchens for you to choose from.
We are happy to advise you – ask our specialists!

Onboard kitchen available over-the-counter

QuickService MultiPlus 2G

A real highlight that sets standards. Perfect functions and modern design with sophisticated solutions.

As an innovative manufacturer of onboard kitchen systems, we specialise in the development and manufacture of high-quality onboard kitchens for modern passenger services. Using modular designs, we can adapt onboard kitchen furnishings to the needs of our customers. Straightforward usability makes our onboard kitchens particularly easy to service.

NEW: Easy handling of the winter filling

NEW: Water heater with inspection glass to precisely identify liquid level

NEW: CP 40 in a new design and with optimised functions

NEW: Large working surface: smooth surface structure for easy cleaning

NEW: Wide-span drawer surfaces

NEW: Easy servicing thanks to easily accessible technology through a three-part back panel

NEW: LED backlit handles

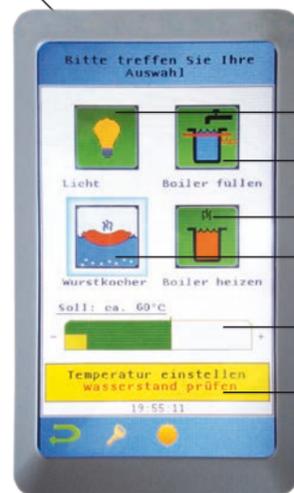

NEW: Touch panel – navigate through the menu with symbols, written explanations and visual function bars

selectable between German and English language

start screen can be customised using an SD card

reset function

multi-level pin code protection

LED illumination control function

water heater filling

control of water heater thermostat

control of sausage cooker

swipe-action water heater adjustment

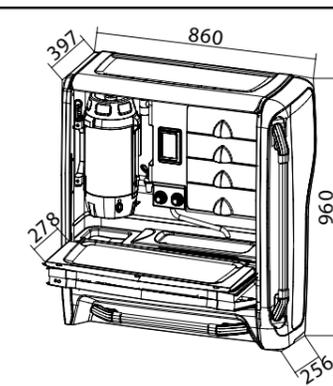

display for heating function and error messages

Onboard kitchen available over-the-counter

New customised design and state-of-the-art technology.

The QuickService MultiPlus 2G is an upgrade of our tried and tested QuickService MultiPlus onboard kitchen. The technology and design language are adapted to the needs and trends of the coach industry.

Plastic films are used to adapt the colour scheme of the housing to customer specifications. A three-part back panel allows faster service and maintenance. Folding tables are recessed in the back wall. Customer-specific solutions can also be developed for bus manufacturers. Backlit handles provide additional safety. New materials have reduced the weight. The onboard kitchen can be easily operated using the new touch panel.

Onboard kitchen available over-the-counter

QuickService Domino

The attractive complement for going the extra mile in passenger service.

Four ideal solutions to meet the requirements of the service sector. With its diverse range of hot drink options, QuickService Domino is an ideal addition in any onboard kitchen. Due to the narrow column construction which is just 41cm wide, QuickService Domino is particularly suitable for installation next to the tour guide's seat. QuickService Domino can even fit in minibuses and midibuses.

QS Domino with water heater

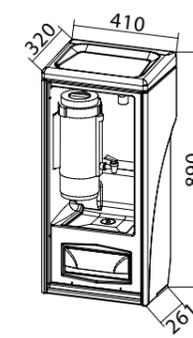

order no.:	05.5030.00.00	
water heater:	5 l	600 W – 25,0 A
voltage:	24 V DC

Available in the following special colours:

order no.:
05.3070.00.00 NEOPLAN
casing: sapphire black
covering: beige
hand rail: pearl dark grey

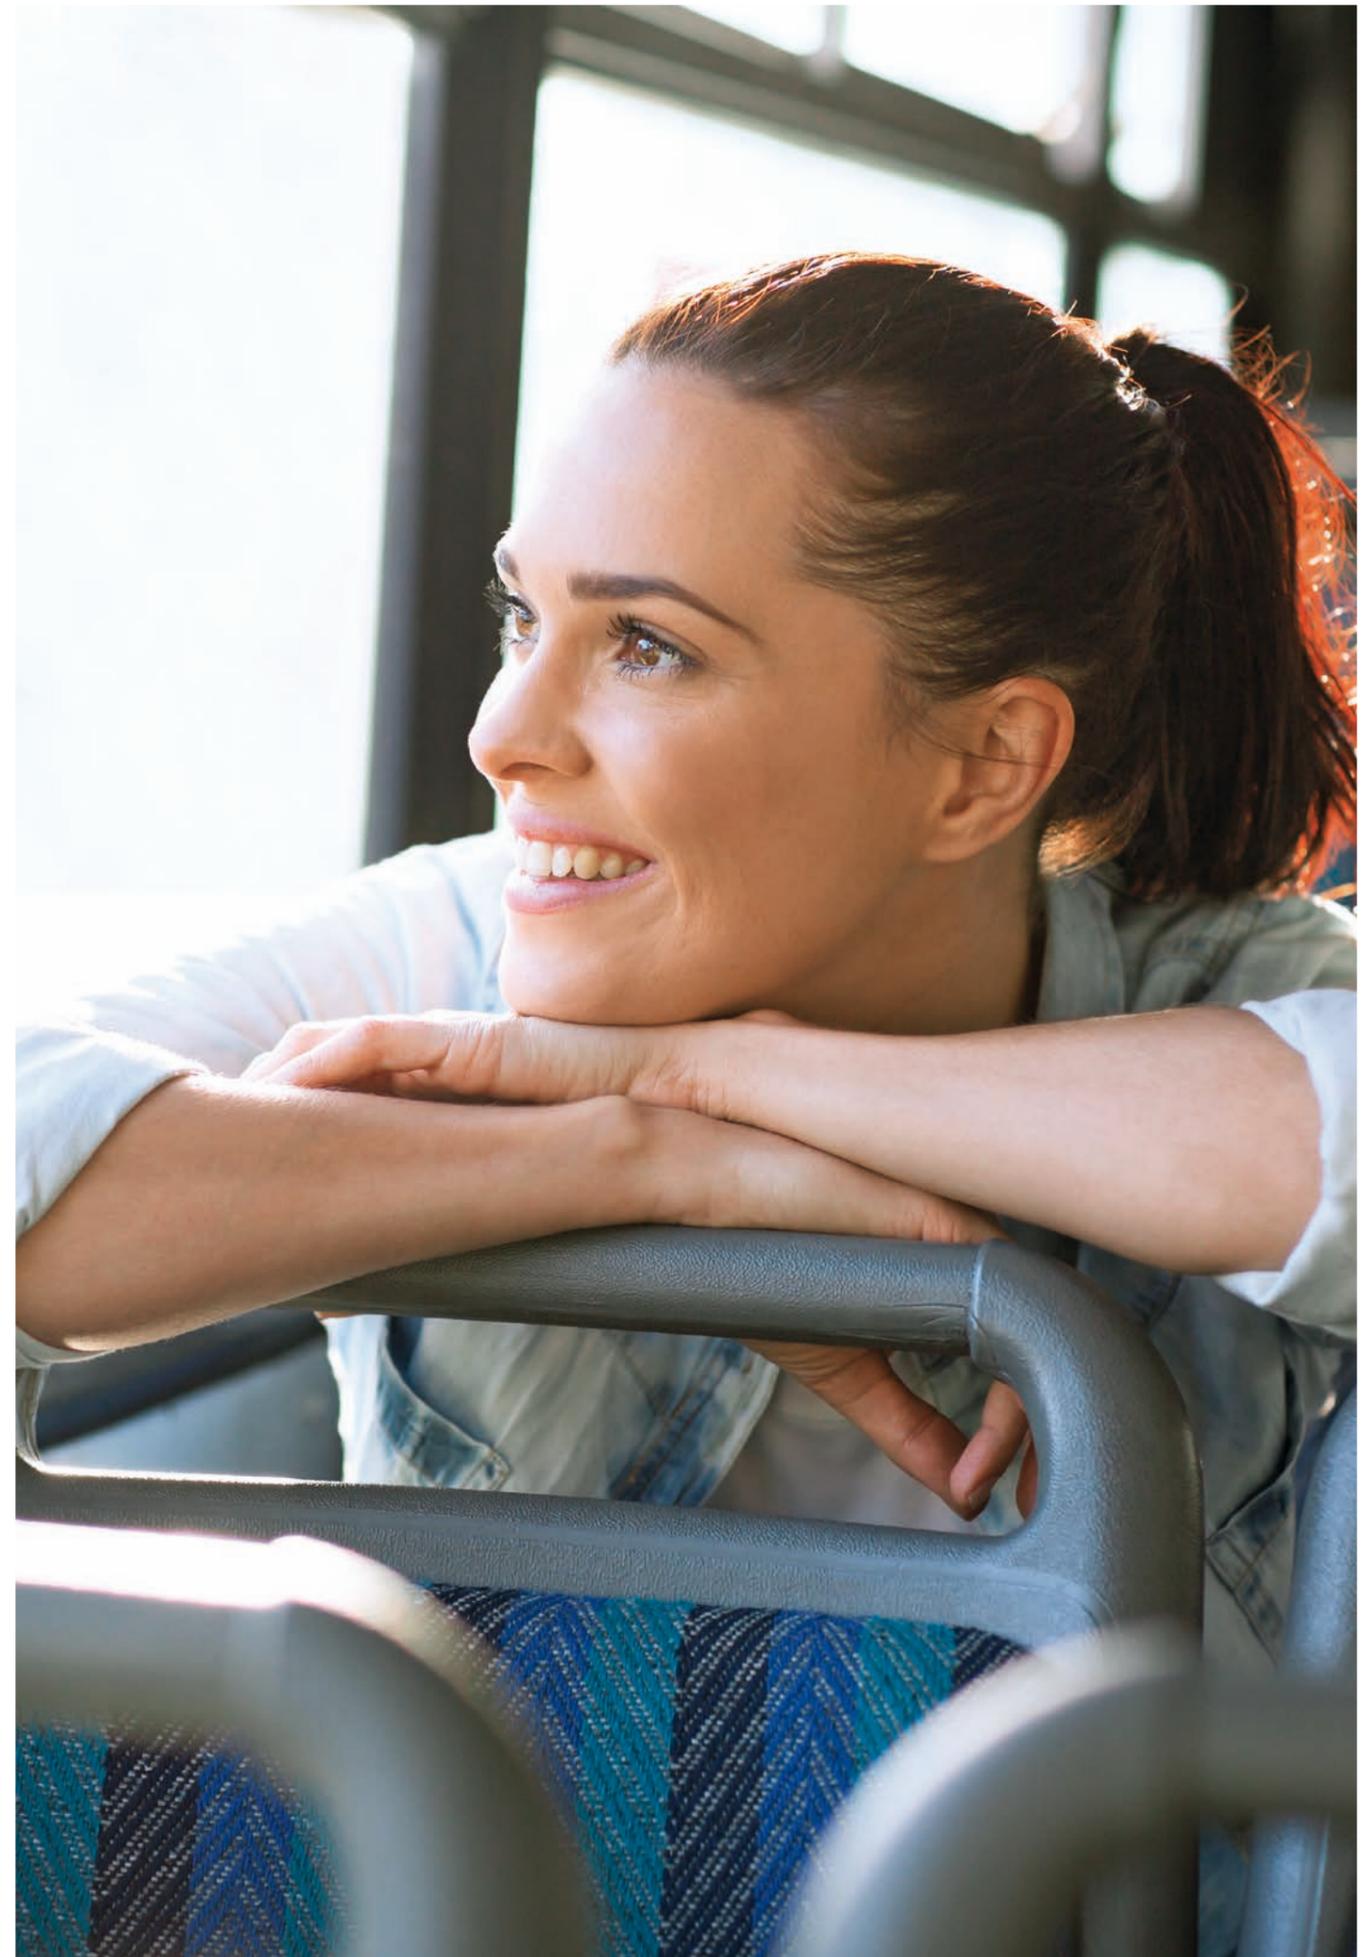

order no.:
05.3075.00.00 NEOPLAN
casing: sapphire black
covering: beige
hand rail: stainless steel, brushed

Type 05.3070.00.00 NEOPLAN

QuickService MultiPlus kitchens meet the following guidelines and certifications:

- EMC Directive ECE R10
- Fire behaviour per regulation ECE R118.01 annex 6
- Head impact testing 2000 / 4 EG
- GBK type testing

Accessories by TM

We have a wide variety of accessories for you to choose from.
We are happy to advise you – ask our specialists!

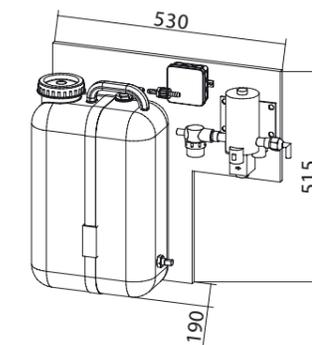

Water supply

Water supply 19 and 33 liter

For installation in QuickService onboard kitchens.

All fresh water supplies are already assembled and ready for connection.
All water tanks are made of polyethylene, as well as being food-safe and resistant to pressure and impact.

Water supply for the MIDSIZE bus

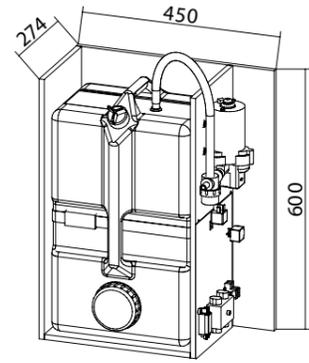

order no.:	05.6011.12.00 (12 V)
installation:	vertical
volume:	19 l
voltage:	12 V DC

order no.:	05.6011.00.00 (24 V)
installation:	vertical
volume:	19 l
voltage:	24 V DC

scope of delivery:

- 33-litre water tank, large cleaning opening Ø 100 mm
- control relay with pre-fuse 5 A für pump
- swimmer switch

Protection of the devices (coffee maker, sausage cooker, water heater) is secured in the kitchen or is built in by the coach manufacturer.

tank vertical

order no.:	16.6052.00.00
installation:	vertical
volume:	33 l
order no.:	16.6053.00.00 vertical installation with shelve

scope of delivery:

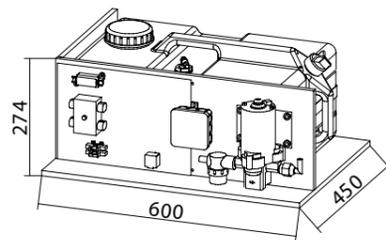

- 33-litre water tank, large cleaning opening Ø 100 mm
- control relay with pre-fuse 5 A für pump
- swimmer switch

Protection of the devices (coffee maker, sausage cooker, water heater) is secured in the kitchen or is built in by the coach manufacturer.

Compact dimension. Comfortable transport of the tank through handle and stable wheels.

tank horizontal

order no.:	16.6050.00.00
installation:	hanging
volume:	33 l
order no.:	16.6050.00.00 horizontal installation

scope of delivery:

- 33-litre water tank, large cleaning opening Ø 100 mm
- control relay with pre-fuse 5 A für pump
- swimmer switch

Protection of the devices (coffee maker, sausage cooker, water heater) is secured in the kitchen or is built in by the coach manufacturer.

Compact dimension. Comfortable transport of the tank through handle and stable wheels.

Water tanks 19, 33 and 35 litres

Can be used separately or as a retrofit kit for fresh water supplies.

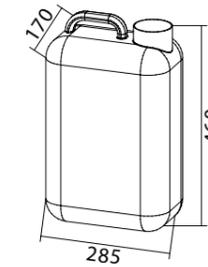

All water tanks are made of polyethylene, as well as being food-safe and resistant to pressure and impact.

Water tank

order no.:	05.6010.11.00
volume:	19 l

scope of delivery:

- 19-litre water tank, large cleaning opening Ø 100 mm

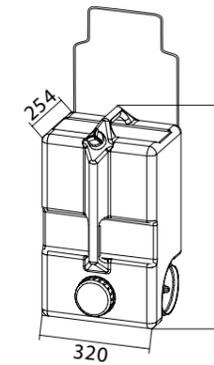

Mobile water tank

order no.:	52.6050.00.01
volume:	33 l

scope of delivery:

- 33-litre water tank, large cleaning opening Ø 100 mm and small opening, wheels, retractable handle

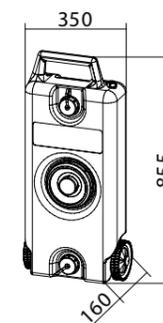

Mobile water tank grey

order no.:	05.6000.00.01
volume:	35 l

scope of delivery:

- 33-litre water tank, large cleaning opening Ø 100 mm and small opening, wheels

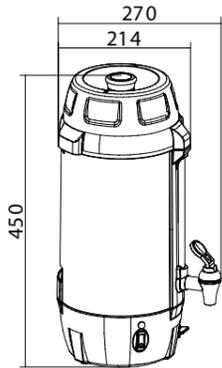

CaféPerfect

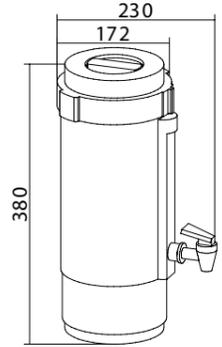

Proven coffee enjoyment with a new design.

CaféPerfect uses a percolator system. Heated water is led upwards through a stand-pipe to brew from top to bottom. Once the brewing process is complete, the machine automatically switches to heat-preservation mode. The filter is designed for medium-sized coffee grounds. For fine grind, we recommend using paper filters.

CaféPerfect 40 model 2015

		order no.: 10.5910.00.00 without remote contr., APD connector 10.5910.03.00 with remote contr., APD connector 10.5911.00.00 without remote contr., SB 50 connector 10.5911.03.00 with remote contr., SB 50 connector 10.5912.00.00 without remote contr., SB 50 connector retaining plate 10.5912.03.00 with remote contr., SB 50 connector retaining plate
	scope of delivery: - 5-litre CaféPerfect 40 - filter tin, rising pipe - cleaning brush	voltage: 24 V DC power: 700 W warm-keeping function: 65 W current consumption: 30,0 A weight: 3,4 kg volume: 5 l volume cups 125 ml: 40 cups time of brewing process 85°C: 38 min. Electromagnetical Compatibility Norm ECE-R10

CaféPerfect 20

		order no.: 10.5307.10.00 with remote control 10.5307.00.00 without remote control
scope of delivery: - 2,5-litre CaféPerfect 20 - filter tin, rising pipe - cleaning brush	voltage: 12 V DC power: 400 W warm-keeping function: 45 W current consumption: 35,0 A weight: 2,3 kg volume: 2,5 l volume cups 125 ml: 20 cups time of brewing process 85°C: 50 min. Electromagnetical Compatibility Norm ECE-R10	order no.: 10.5306.10.00 with remote control 10.5306.00.00 without remote control
	voltage: 24 V DC power: 500 W warm-keeping function: 45 W current consumption: 21,0 A weight: 2,3 kg volume: 2,5 l volume cups 125 ml: 20 cups time of brewing process 85°C: 25 min. Electromagnetical Compatibility Norm ECE-R10	

AquaTherm

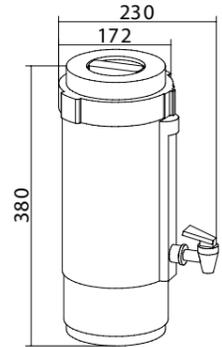

The simplified CaféPerfect.

Same housing, new system. The difference between AquaTherm and CaféPerfect is not visible from the outside. Looking inside the AquaTherm, however, you will quickly see the difference. This version includes no filter insert or standpipe. This gives the CaféPerfect a completely new and varied mode of operation – comparable to that of a kettle.

AquaTerm 40 model 2015

		order no.: 10.5520.00.00 without remote contr., APD connector 10.5520.03.00 with remote contr., APD connector 10.5521.00.00 without remote contr., SB 50 connector 10.5521.03.00 with remote contr., SB 50 connector 10.5522.00.00 without remote contr., SB 50 connector 10.5522.03.00 with remote contr., SB 50 connector
scope of delivery: - 5-litre AquaTherm 40 - cleaning brush	voltage: 24 V DC power: 700 W warm-keeping function: 65 W current consumption: 30,0 A weight: 3,2 kg volume: 5 l volume cups 125 ml: 40 cups time of brewing process 85°C: 38 min. Electromagnetical Compatibility Norm ECE-R10	

AquaTherm 20

		order no.: 10.5310.12.00
scope of delivery: - 2,5-litre AquaTherm 20 - cleaning brush	voltage: 12 V DC power: 400 W warm-keeping function: 45 W current consumption: 35,0 A weight: 2,3 kg volume: 2,5 l volume cups 125 ml: 20 cups time of brewing process 85°C: 50 min. Vacuum jug

	<p>scope of delivery:</p> <ul style="list-style-type: none"> - 1,3-litre vacuum jug, high-gloss black plastic, highly resistant inner coating, wide opening, screw cap 	<p>order no.:</p> <p>05.2000.08.13</p> <p>volume: 1,3 l</p>
---	--	---

VEK 6 water heater

For the preparation of hot beverages.

The VEK6 5-litre water heater is used to boil water for hot beverages. The temperature of the boiler can be smoothly regulated (no fixed pre-set levels) via the temperature selector. This is turned off by turning the temperature selector back to level 0. A control lamp indicates the heating phase.

Water heater VEK 6

		<p>order no.:</p> <p>07.6006.00.00</p> <p>voltage: 24 V DC</p> <p>power: 500 W</p> <p>current consumption: 21,0 A</p> <p>weight: 3 kg</p> <p>volume: 5 l</p> <p>heating-up time: 50 min.</p> <p>Electromagnetical Compatibility</p> <p>Norm 72/245/EWG</p>
--	--	--

scope of delivery:

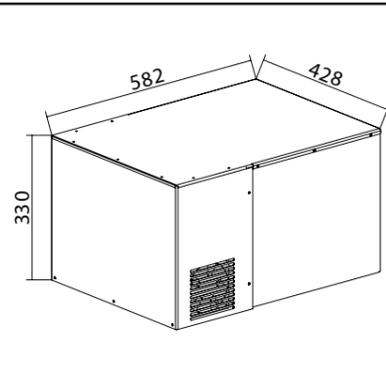

- VEK 6 water heater
- overheat protection during the dry operation / without water
- Temperature with manual reset – reset, thermal protection against excessive power supply
- temperature limiter at 110°C, spark absorber
- optional: anti-chalk fluid opening, with relais winter filling in the lid

Drink service

TWK water cooler

Freshly cooled water at any time.

The TWK water cooler consists of a fully-hermetic SECOP BD 80 F compressor. Exceptional operational safety is guaranteed by a fully-hermetic cooling unit. Durability ensured by wear-free components.

TWK water cooler

order no.:	02.0200.00.00
voltage:	24 V DC
power:	190 W
current consumption:	8,0 A
weight:	26 kg
volume:	15 l
cooling-down time from +25°C to +5°C	60 min.

scope of delivery:

- TWK water cooler
- cooling unit: compressor Secop BD 80 F,
- control of thermostat, Shurflo-pump, water filter,
- stainless steel water tank, PU-foam insulated,
- volumetric control by manometric switch

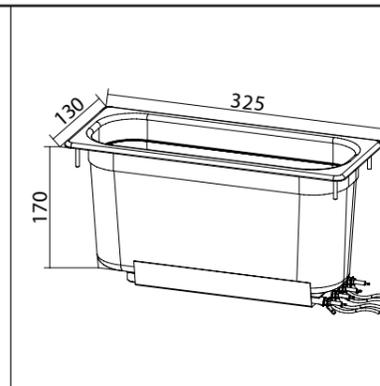

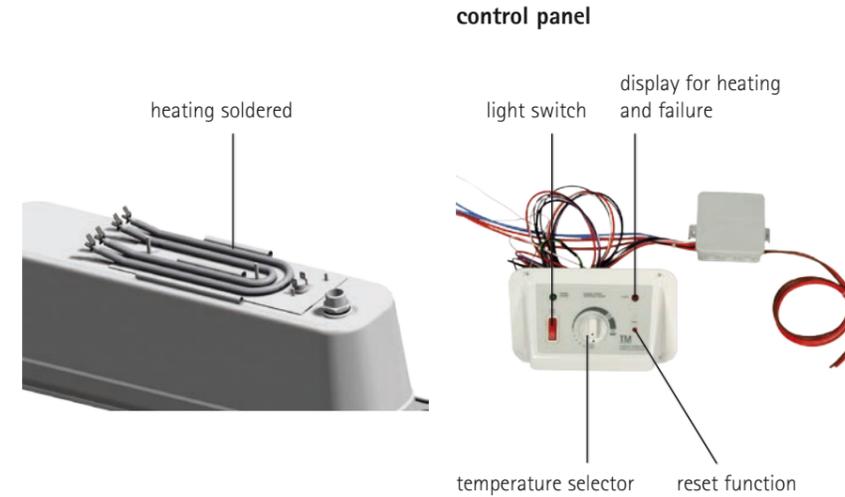

Food service

Sausage cooker

For hot meals while on the go.

Stainless steel container with cover and heat-resistant silicone seal. Outlet with stainless steel overflow. Heating soldered on the underside of the container for optimal heat utilisation, protected via a discharge plate. Protected against overheating when being used dry/without water at 110°C, manual operation via the reset button. Thermal cut-off in case of excessive power supply. Switches off at 154°C.

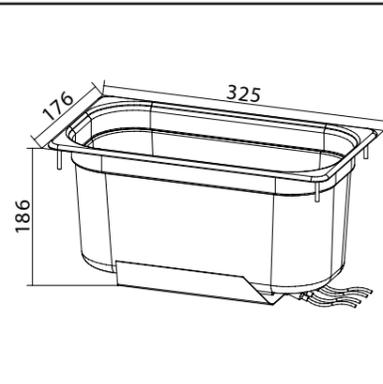

WK 131 sausage cooker

order no.:	08.0131.00.00	capacity for approx. 30 sausages
voltage:	24 V DC	
power:	500 W	
current consumption:	21,0 A	
weight:	2,5 kg	
volume:	3 l	
drain pipe:	3/4"	
cable diameter:	4 mm ²	
Electromagnetical Compatibility		
Norm 72/245/EWG		

scope of delivery:

- WK 131 sausage cooker
- lid
- overflow pipe
- control panel

WK 181 sausage cooker

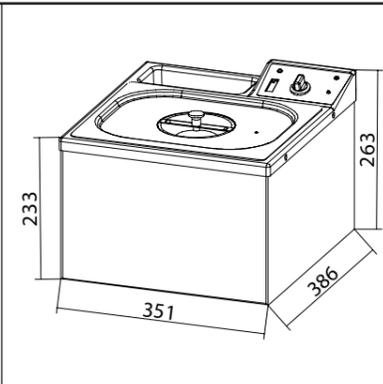

order no.:	
08.0181.00.00	capacity for approx. 40 sausages
voltage:	24 V DC
power:	500 W
current consumption:	21,0 A
weight:	2,7 kg
volume:	5 l
drain pipe:	3/4"
cable diameter:	4 mm ²
Electromagnetical Compatibility	
Norm 72/245/EWG	

scope of delivery:

- WK 181 sausage cooker
- lid
- overflow pipe
- control panel

WK 200 sausage cooker, setup

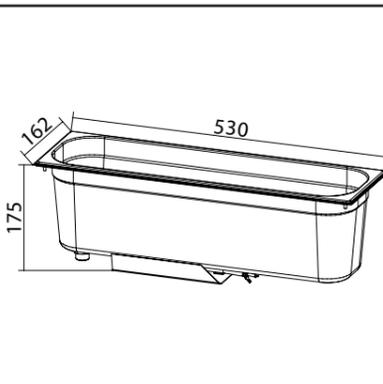

order no.:	
08.0200.00.00	capacity for approx. 80 sausages with stainless steel overflow
voltage:	24 V DC
power:	750 W
current consumption:	31,0 A
weight:	13 kg
volume:	10 l
drain pipe:	3/4"
cable diameter:	4 mm ²
Electromagnetical Compatibility	
Norm 72/245/EWG	

scope of delivery:

- WK 200 sausage cooker, setup
- lid
- overflow pipe
- control panel
- with approx. 150 cm of connector cable

WK 500 sausage cooker

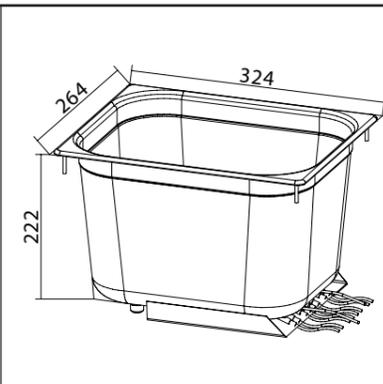

order no.:	
08.0500.00.00	capacity for approx. 60 sausages
voltage:	24 V DC
power:	500 W
current consumption:	21,0 A
weight:	3 kg
volume:	8,5 l
drain pipe:	3/4"
cable diameter:	4 mm ²
Electromagnetical Compatibility	
Norm 72/245/EWG	

scope of delivery:

- WK 500 sausage cooker
- lid
- overflow pipe
- control panel

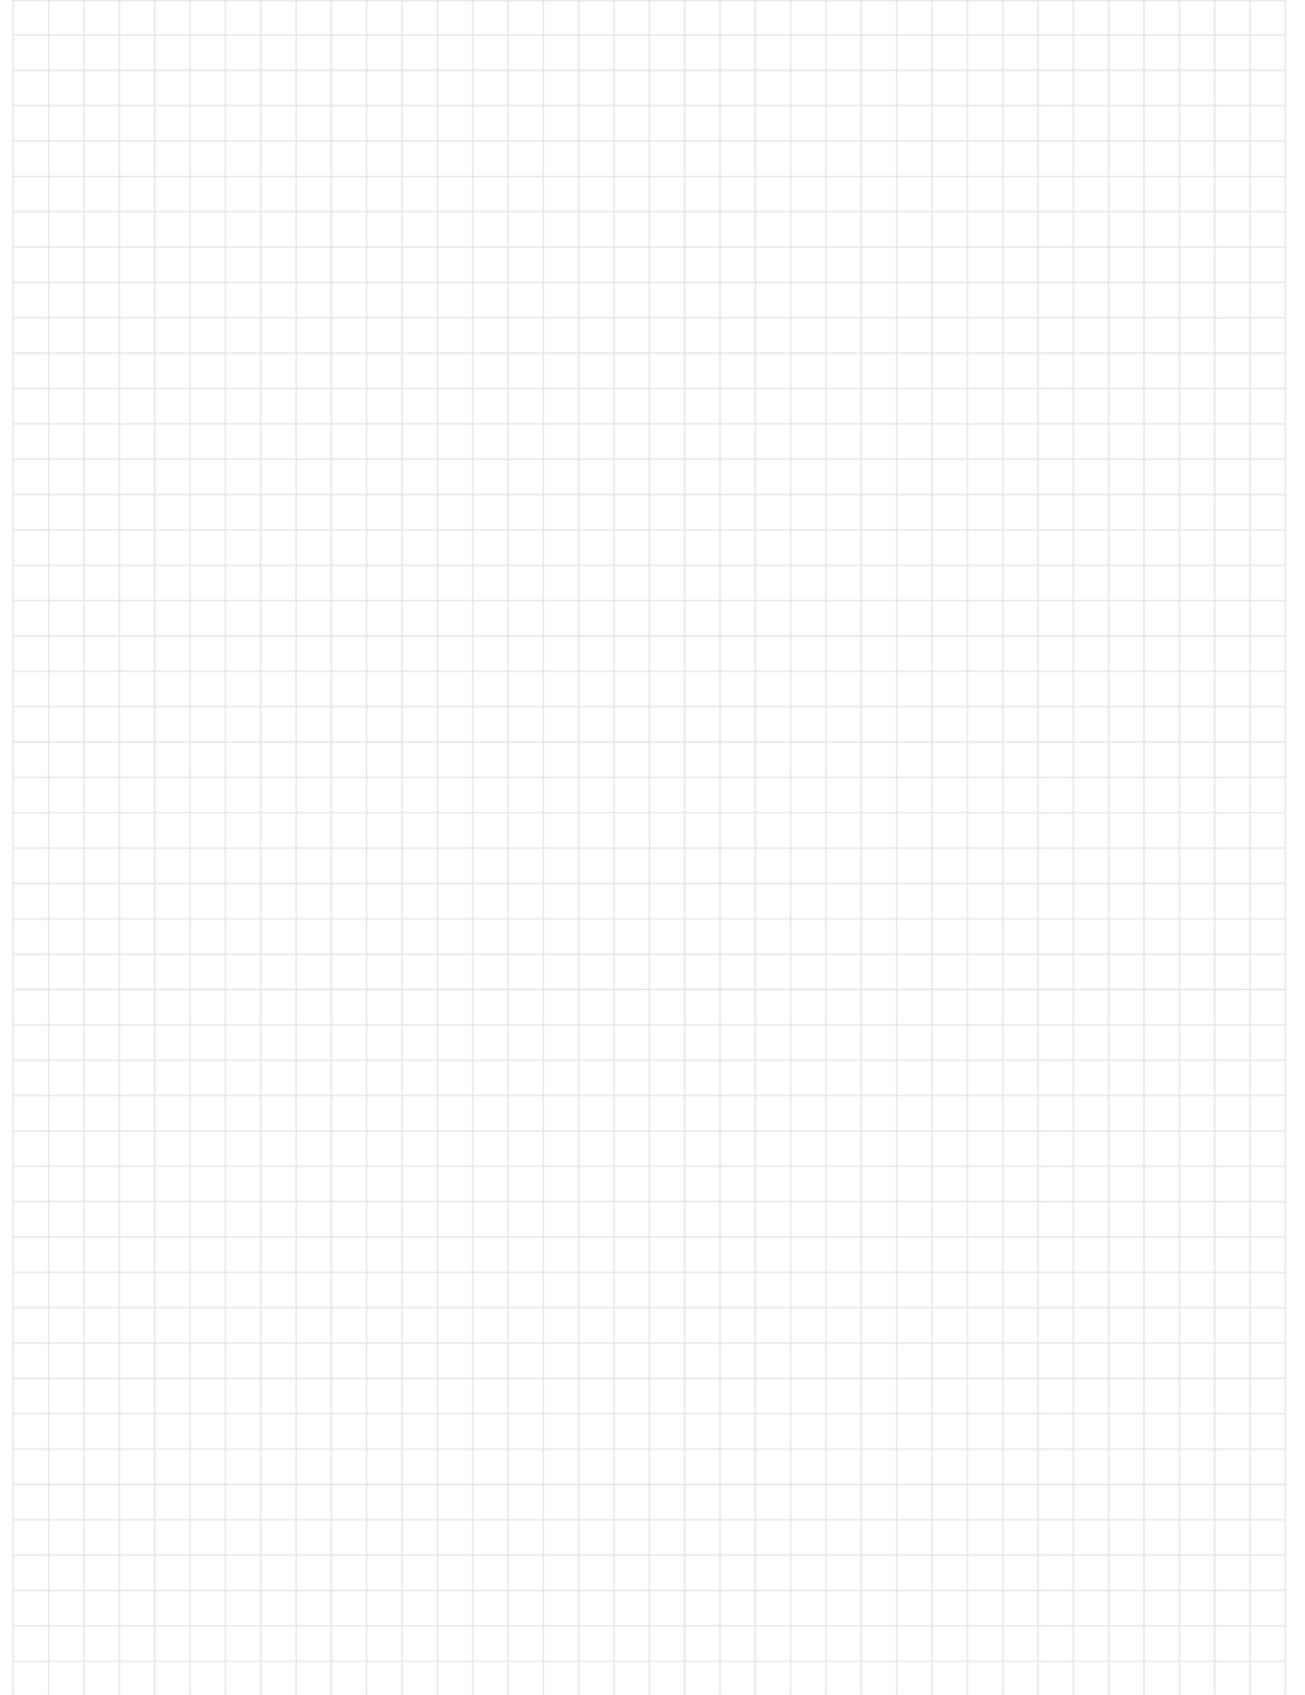

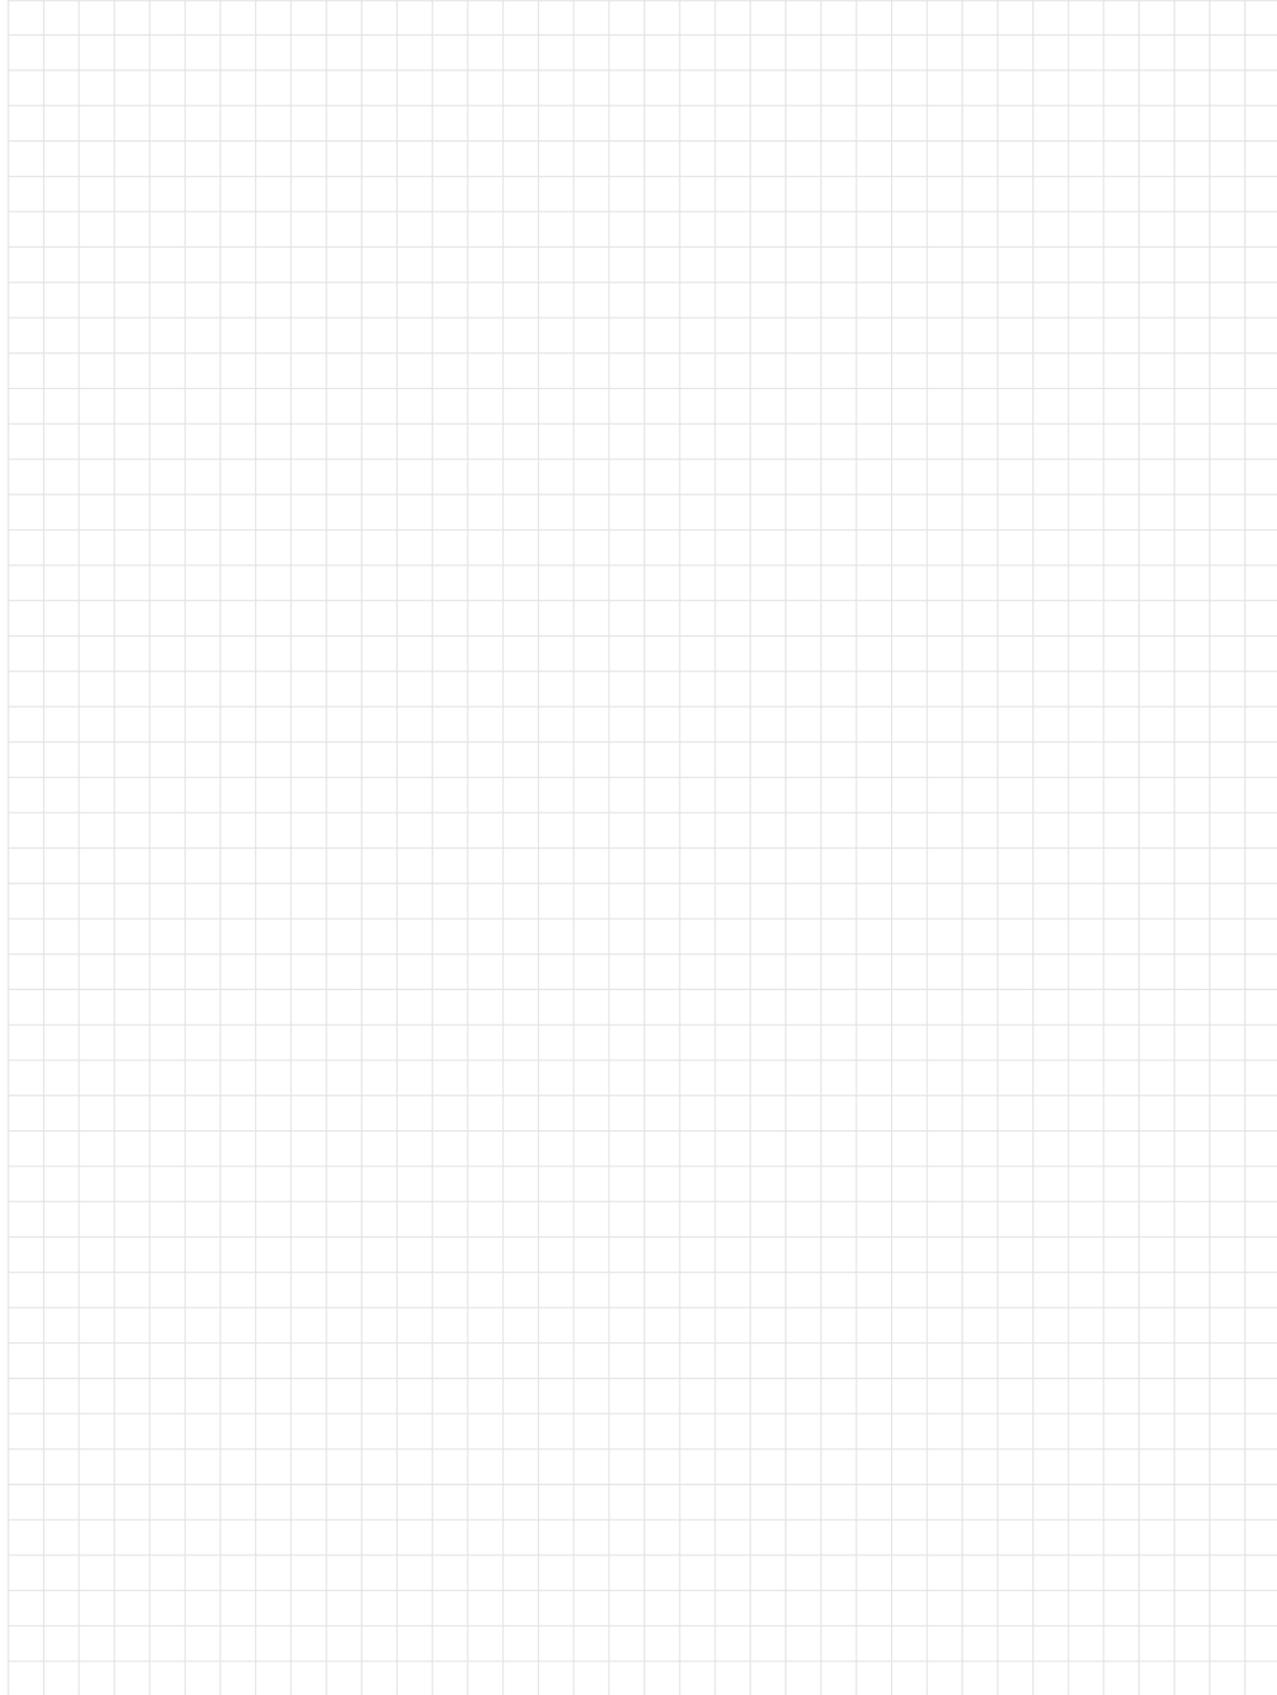

WK 201 sausage cooker, installation

order-no.:	
08.0201.00.00	capacity for approx. 80 sausages
voltage:	24 V DC
power:	750 W
current consumption:	31,0 A
weight:	11 kg
volume:	10 l
drain pipe:	3/4"
cable diameter:	4 mm ²
Electromagnetical Compatibility	
Norm 72/245/EWG	

scope of delivery:

- WK 201 sausage cooker, installation
- lid
- overflow pipe
- control panel
